

## 55<sup>th</sup> INTERNATIONAL FAIR OF TECHNIQUE AND TECHNICAL ACHIEVEMENTS

IB-PROCADD d.o.o.  
Ljubljana, May 2011

Public Agency of the Republic of Slovenia for Entrepreneurship and Foreign Investments (JAPTI) and Chamber of Craft and Small Business of Slovenia (OZS) organized mutual appearance for Slovenian companies on 55<sup>th</sup> International Fair of Technique and Technical achievements in Belgrade. The Fair took place from 9<sup>th</sup> to 13<sup>th</sup> of May 2011 and our company IB-PROCADD d.o.o. participated on the fair.

International fair of Technique and Technical Achievements was first organized in 1937 and 20 years later gained international acknowledgement with admittance in The Global Association of the Exhibition Industry UFI. Fair introduced around 700 exhibitors from 28 different countries this year, which presented contemporary technique and technical achievements from different areas, like automation, robotics, wireless communications, electrical engineering, electronics, lighting and processing equipment. Visitors could see around 170 technical novelties.

The most successful exhibitors, who presented excellent technique and technical achievements, were awarded with "Step into the Future" award. The expert commission, which evaluated the products, was formed of four professors from Faculty of Mechanical Engineering, Belgrade University and professor from Faculty of Electrical Engineering, Belgrade University (Ph.D. Miroslav Pilipović, Ph.D. Pavao Bojanić, Ph.D. Dragan Milutinović, Ph.D. Radovan Radosavljević in predsednik komisije Ph.D. Branislav Živković).
